Chromebook User and Borrowing Agreement

I agree with and will comply with all the following statements and conditions:

I will comply with all state and federal laws and the Ossining Public Library Internet Acceptable Use Policy (printed copy available on request).

I understand that open, unsecured wireless networks are freely and easily accessible with little regard to who is using the network at any time. Due to this inherent insecurity, I will not hold the Ossining Public Library responsible for data loss, breach of confidential information, or interception of any confidential information that may be the result of malicious activity by another wireless user, web site or software on any given wireless user's PC. Users of unsecured networks are cautioned against using online banking, auctions, email and any other type of Internet-based activity that exposes clear text usernames and passwords.

I understand and acknowledge that the Internet contains images and content that may be offensive or harmful to me or to others. I release the Ossining Public Library from all liabilities associated with the viewing of, use of or exposure to any information, picture, graphical representation, or illustration I may encounter while using this device. I will not violate any state or federal statute including those regarding obscenity, pornography, and the delivery of any such material to minors.

The WiFi at the Ossining Public Library and devices made available by the Ossining Public Library have content filtering in place to follow the Children's Internet Protection Act (CIPA). However, while this filter should prevent most pornographic and inappropriate material from being loaded on your device, the Ossining Public Library cannot guarantee that all inappropriate material will be blocked. Additionally, there is no guarantee that this device cannot be detected and used by outside parties. The Ossining Public Library assumes no responsibility for content accessed on any wireless network.

I understand that I create, store, and use the personal data (including all files, folders, and media) on the Chromebook at my own risk and that the Ossining Public Library is not responsible for the loss of any personal data (including all files, folders and media).

I understand and accept that my failure to comply with this Ossining Public Library Chromebook User and Borrowing Agreement may result in suspension of Internet privileges at the library or other appropriate legal action. I understand that if I lose or damage the device, the replacement cost will be $400.00.
