

An Update on COVID-19

March 16, 2020

The health and safety of our patrons and staff are our biggest priority.

In light of County Executive George Latimer's anticipated State of Emergency announcement, we have made the difficult decision to close the library to the public.

Effective immediately, the Ossining Public Library will be closed to the public until further notice.

We know that our community relies on us for library services and we ask for your understanding as we work through this challenging and evolving situation.

If you currently have library materials checked out, please know that no fines will accrue during the time we are closed. We encourage patrons to keep their library materials at home, even if they are overdue.

While the library is closed, our Digital Library is always available. In light of school and library closures, many of our digital services, including Tutor.com and Kanopy Kids, have extended their service hours and offerings. [Click here to access eBooks, e-audiobooks, learning resources and more.](#)

You can continue to reach out to the library via email; [click to email](#) Adult Services, Children's Services, Circulation, Public Relations, and Teen Services.

News and updates on the library's status will be posted on our [website](#), social media ([Facebook](#) and [Instagram](#)), and through our email newsletter.
