NATIONAL BE A MILLIONAIRE DAY

MAY 20, 2020

Interesting facts about money

- It takes 454 dollar bills to equal one pound.
- \$1 bills typically last only 18 months.
- The U.S. Bureau of Engraving and Printing began producing banknotes in 1869, which had been made by private companies until then.
- Each year, more Monopoly money is printed than real money.
- The name of the man whose picture is on the Monopoly game is Rich Uncle Pennybags.
- The largest bill ever made in the U.S. was \$100,000
- A penny costs more than 1 cent to make.
- In 2015, the Transportation Security Administration (TSA) collected over \$700,000 in unclaimed money left behind, mostly coins.

How to celebrate

Besides counting your money (show us a picture of your piggy bank), what can you do to celebrate National Be a Millionaire Day?

- **Play Monopoly.** If you don't have the board game at home, you can play online for free at [Pogo](#).
- **Play the free online version of "[Who Wants To Be a Millionaire?](#)"**
- **Look around your house and see how much loose change you can find.**

What would you do?

Use your imagination. What would you do if you had a million dollars? Would you save it or would you spend it? What would you buy? Or would you give it to charity? Let us know what creative uses for one million dollars you can come up with. Share your ideas by emailing us at oplkids@wlsmail.org or on the library's [Facebook](#) page!
