Notes:																
*Population based on census 2020																
*"Other Print Materials" includes serials titles																
*Electronic books, audio downloadable, and other electronic materials: The State regularly changes how they want these materials counted, so fluctuations are reflective of these changes. For 23/24, the state stopped counting e-materials in the same way.																
*All adult materials counts include young adult materials																
*Number of registered borrowers between 2019 and 2023 are inflated due to WLS error in patron purging routine. Purge occurred in 2024.																
*Comparison from five years ago for Adult Program Sessions and Attendance is inaccurate, as Outside Group Sessions and Attendance were grouped with Adult Programs until five years ago.
